That's the daily routine and we always have great fun every day!

Toddler Room

Come in and see what our Toddler Room has to offer for your child.

As your little one grows, their skills develop and progress.

Here in the Toddler Room, there are different areas that keep each child stimulated whilst having fun at the same time.

Creative Area: In this area, you have the use of glue, collage materials, safety paper scissors, crayons and chalks.

This is where a masterpiece can be created!!

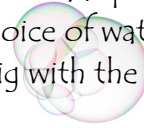

Sensory Area: Here you can explore a range of materials using your senses, such as the smell of varied scented candles, the popping sound of bubble wrap and feel textured materials such as wool and straw.

Imaginative Area: Host a tea party, inviting friends to join you for 'tea and biscuits' in the home corner and use the dressing up clothes to take on particular roles such as the postman or the local nurse.

Writing Area: In this area there is access to chunky pencils, felts and crayons, with varied coloured paper in different sizes.

Sand and Water: This is where you can splash and make bubbles with your choice of water toys, or build sandcastles and dig with the buckets and spades.

Small World Area: This includes toys such as cars and garage, dolls house, dinoland, farm and zoo animals, train track and fire station, pirate ships and the castle.

All of these are provided with soft play mats to make the area more comfortable and enjoyable.

Construction Area: Get those fingers into action by building your own structures and towers from varied construction toys.

Book/Sleep Area: After being busy in the other areas, you may need some time to rest. So feel free to relax and put your feet up with a book amongst the cosy cushions and cuddly toys or have a nap if you get sleepy. zzz...

Messy Activities:

One of the toddlers favourite things to do here at Tinks is to get very messy! With this in mind, the staff plan various messy activities for you to get stuck into mainly during small group time.

These include:

- Gloop/Cornflour
- Jelly/Custard and Baked Beans
- Water and Flour
- Finger paints and many more

Although we provide aprons for messy activities, a spare change of clothes is highly recommended.
